Dear Laura,

Congratulations! Your group has been accepted for training by the National Spay/Neuter Response Team. The goal of the NSNRT is to provide affordable and accessible spay/neuter as part of keeping pets out of shelters and your participation is critical in implementing the solution.

Please find enclosed the following files:

- A flowchart to help you through the NSNRT process;
- An equipment list. We will discuss special pricing options with you;
- Building Resource Guide to assist with building selection and remodeling.

The NSNRT team facilitators will be available to assist you every step of the way.

Thanks so much for your interest in our program, but more importantly, for all you do for the animals.

Sincerely,

Quita Mazzina
